The Opticians Association of New Jersey provides our members with the opportunity to obtain 6 CEU credits at a reasonable cost and in locations convenient throughout New Jersey. Maintenance of continuing education credits is mandatory for all New Jersey licensed opticians.

New Jersey State Law mandates that licensed opticians obtain 12 CEU credits per biannual renewal (3 CEUs specific to the distribution of contact lenses).

Support Our Professionals from New Jersey's optical community. We anticipate that the combined attendance of these two statewide events will draw approximately 500 opticians, ensuring excellent exposure and networking ability for the select companies that choose to exhibit with us and support our industry. Additional sponsorships include advertising in the digital conference program, website banner ads, attendee handouts and of course, table top displays.

Questions? If you have any questions or would like to reserve your space at these events, please contact Leslie Bellini, CMP at lbellini@lutinemanagement.com
